

PERGO® Diamond-quality floors are designed for heavy commercial use and thanks to their superior Diamond level TitanX Surface™ have extremely high wear resistance. They are the ultimate floors for high-traffic commercial areas with demands for exceptional durability. PERGO Diamond floors are extra moisture-resistant because of their moisture-resistant core and the tight ProLoc® joint. They are equipped with Professional Performance SoundBloc™ for superb soundproofing and also have anti-microbial and anti-static properties. PERGO Diamond floors have a Lifetime Triple Guarantee for residential use, with a commercial guarantee on demand.

PERGO® Gold-quality floors are the perfect solution for families with children or pets and more demanding home locations like children's rooms and kitchens – as well as small offices and restaurants. Some of the Gold floors also have anti-microbial and anti-static features. They have high scratch and impact resistance thanks to their Gold-level TitanX Surface™. All Gold floors are equipped with Compact SoundBloc™ for great soundproofing. In this category you'll also find the PERGO Sense™ floor with the revolutionary new SoftTech™ technology, for superior ergonomics and soundproofing. PERGO Gold floors have a Lifetime Triple Guarantee for residential use, with a commercial guarantee on demand.

PERGO® Silver-quality floors are designed for residential and light commercial use with normal wear. They have high scratch and impact resistance thanks to their Silver-level TitanX Surface™. All Silver floors have Compact SoundBloc™ for great soundproofing. Pergo invented the SoundBloc™ technology and is the only flooring company that offers soundproofing on every floor. Equipped with the SmartLock® click joint, PERGO Silver floors have a 20-year Triple Guarantee for residential use, with a commercial guarantee on demand.
